Declaration of complying with the European Charter for Researchers and with the Code of Conduct for the Recruitment of Researchers

AC 097

The Institute of Security Technologies "MORATEX" fully accepts and firmly supports the concept of the European Charter for Researchers and the Code for Conduct for the Recruitment of Researchers.

Nr 31/MON/2015
Nr 32/MON/2015
Nr 49/MON/2016

At MORATEX we share the values that stand behind the idea as they constitute good ground for creation and developing favourable work conditions for the scientists. We certainly believe that the researchers deserve fair treatment.

Therefore our institute is ready to commit itself to implement and respect the European Charter for Researchers as well as the provisions of Code for Conduct for the Recruitment of Researchers.
